

Jane Doe
Backend Engineer
Pune, India | jane.doe@example.com | github.com/janedoe

EXPERIENCE

Senior Backend Engineer, Acme Corp (2023 - Present)

- Built an async document pipeline with NestJS, BullMQ and Redis
- Cut median processing latency from 40s to 6s

Backend Engineer, Globex (2021 - 2023)

- Designed Postgres schemas and wrote migrations for a 2M row dataset
- Added retries and dead-letter queues to a flaky ingestion job

SKILLS

TypeScript, Node.js, NestJS, PostgreSQL, Redis, Docker, React

EDUCATION

B.E. Computer Science, 2021
